Salaries of Draft Officers By a recent order of E. D. Townsend, Assistant Adjutant General of the United States War Department, it is learned that officers in any way connected with the draft, as ordered by act of Congress, July, 1862, are paid the following per diem : Enrolling officers appointed by the Gover-nors of States, to receive under ordinary circumstances, \$3 per day; Commissioners to superintend drafting, \$4 per diem for each day actually employed; Examining Surgeons, \$5 per diem, if not commissioned in the United States service. In addition to a statement showing the numher of persons examined and days employed, they must give an affidavit that no fee or consideration has been received from or on behalf of any person examined. Surgeons who examined drafted men for dis-ability, the same compensation as Examining Surgeons; Commandants of Camps, if already in the United States service, to ready in the service, to receive \$5 per mulgated with respect to aulmistence and transportation of drafted men, of interest only to those charged with the performance of that duty. Persons discharged for disability, or illegal draft, are to be transported from camps of rendeavous to the country seat whence they came, on passes signed by the Commandant, &c.

supplies before the battle began. They also removed their wounded who were able duty, and, notwithstanding so many are gone, they have now at least one thousand rebel soldiers in our hospitals, totally dis-abled for service hereafter. The citizens here estimate the rebel loss at near twenty thousand killed, wounded and missing rode to-day through the field where Neg lsy and Sheridan fought the enemy. Be-sides many scattering dead, I saw two rail pens piled full of them in one field of not more than two acres. They had buried many, but all they could not bury. The same condition of affairs was apparent in the city. Upon the streets fronting the Public Square we found the dead lying upon the sidewalk almost before every door. This clearly demonstrates the fear ful extent of the slaughter of the rebels when after four days they were not al buried, although among their friends. The rebel authorities took all their hospital supplies-magnanimously leaving mand wounded men to care for and

The Ohio Senaturial Question,

The recent brilliant victory in Tennessee has so engrossed the minds of members of the Legislature, that but little at tention has yet been given the question of a selection of United States Senator, but enough has been developed to justify the prediction heretofore made by your correspondent, that Mr. Wade would be the successful candidate. There will be an effort made, as last winter, to divide the Republican strength in caucus on a number of favorite candidates, in order to open the

Increased.

The details of the bill will doubtless recisely the same belief on the question of quire modification. For instance, the granting of 160 acres to each settler igum-fair, many of these plantations being in a life change came about from seeing what all of them saw, day by day.

This was a higher number than either of his competitors received. I am confident great value, while others have so run to decay as to be nearly worthless. The confiscated lands would not be like the wild public lands of the West, where all must be trained up from natural wildness to artificial luxuriance. These minor details, however, can be easily remediated.

Calered Soldiers.

The question of the employment of black soldiers is now directly raised in Congress by the bill introduced by Mr. Stevens, auing loaned upon planters' notes and more gages upon plantations and slaves, all of which property is new reasonably worthess. Again, he had learned what he did not know before, that this was not a rebel-kingum and Huron counties, (the latter a kingum and Huron counties, (the latter a kingum and Huron counties, the latter a kingum and Huron counties. lion against us, but simply a rebellion to Union Democrat, deem it their duty this perpetuate power in the hands of a few session to support Mr. Wade. They voted for other candidates last session. Benator Miles of Morrow, who supported Mr. Delane, can be counted for Mr. Wade as soon as his vote is required. Senator McClung has promised his constituents to vote for Mr. Wade. This is a decided gain.

I am assured by some of Mr. Delano's friends that that gentleman will doubtless withdraw from the contest if he finds that, by continuing in the field he only divides Grey Wrappers and Brawers-Plain means of electing an untried and doubtful war man. This will relieve his friends of any embarrassment, a large majority of whom, it will be ascertained, will go to the support of Mr. Wade. Among these I mention with pleasure, Speaker Hubbel and Hon. William H. West of Logan county, both gentlemen of marked additional county. the withdrawal of Mr. Delano, votes have already been counted to give Mr. Wade the nomination when the trial

This is particularly the case with the Secretary of the Treasury. But the majority of the Union members Zephyr Knit Scarfs, country requires them to select for Senator a man who has been recognized from the and it must be confessed that in this respect Mr. Wade stands out most prominen ly as the representative man. No mere personal consideration nor new candidates will change their purpose in this respect.

The list of candidates as it now stands

is as follows: B. F. Wade, S. P. Chase, Wm. S. Groes beck, Benjamin Stanton, Columbus Dela-no, Thomas Ewing, David Tod. is needed where he is, and members do not consider his letter to Mr. Wade as a sufficient announcement of his candidacy. Hou. Wm. S. Groesbeck is a great favo ite with the Union men. They esteem his abilities and admire his devotion to the Union cause, and a large number will give him a hearty support. It is understood that neither Mr. Groesbeek nor any of his friends will countenance the scheme certain Cincinnati politicians to unite the votes of the Union and Vallandigham Democrats-the former remaining away

from caucus-on him to secure his election in joint convention. movement is on foot to further divid the Union forces by bringing forward Mr., Backns, of Cleveland, as a candidate, but I conclude this part of my letter by assuring the loyal people of the State that the Union majority of the Legislature are evi-dently better united, and as enthusiastic to be removed, and would ever be able for | in behalf of the Government as at the last doubtless be settled next week.
